PART V: REVIEW OF SUMMARY, METHODOLOGY AND EXPLANATION

Texas Labor Code § 413.011(a-d), titled *Reimbursement Policies and Guidelines*, and Division rule at 28 Texas Administrative Code §134.1, titled *Medical Reimbursement*, effective May 2, 2006 set out the reimbursement guidelines.

This request for medical fee dispute resolution was received by the Division on April 23, 2007.

1. For the services involved in this dispute, the respondent reduced or denied payment with reason code:
   - W1-Workers Compensation state fee schedule adjustment.
   - 480-Reimbursement based on the Acute Care Inpatient Hospital Fee Guideline per diem rate allowances.
   - 217-The value of this procedure is included in the value of another procedure performed on this date.
   - 97-Payment is included in the allowance for another service/procedure.
2. This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 TAC §134.401(c)(5)(A), effective August 1, 1997, 22 TexReg 6264, which requires that when "Trauma (ICD-9 codes 800.0-959.50)" diagnosis codes are listed as the primary diagnosis, reimbursement for the entire admission shall be at a fair and reasonable rate. Review of box 67 on the hospital bill finds that the principle diagnosis code is listed as 839.20. The Division therefore determines that this inpatient admission shall be reimbursed

at a fair and reasonable rate pursuant to Division rule at 28 Texas Administrative Code §134.1 and Texas Labor Code §413.011(d).

3. Division rule at 28 TAC §134.1, effective May 2, 2006, 31 TexReg 3561, requires that, in the absence of an applicable fee guideline, reimbursement for health care not provided through a workers' compensation health care network shall be made in accordance with subsection §134.1(d) which states that "Fair and reasonable reimbursement: (1) is consistent with the criteria of Labor Code §413.011; (2) ensures that similar procedures provided in similar circumstances receive similar reimbursement; and (3) is based on nationally recognized published studies, published Division medical dispute decisions, and values assigned for services involving similar work and resource commitments, if available."
4. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
5. Division rule at 28 TAC §133.307(c)(2)(A), effective December 31, 2006, 31 TexReg 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include "a copy of all medical bill(s)… as originally submitted to the carrier and a copy of all medical bill(s) submitted to the carrier for reconsideration…" Review of the documentation submitted by the requestor finds that the requestor has not provided a copy of all medical bill(s) as originally submitted to the carrier. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(c)(2)(A).
6. Division rule at 28 TAC §133.307(c)(2)(B), effective December 31, 2006, 31 TexReg 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include "a copy of each explanation of benefits (EOB)... relevant to the fee dispute or, if no EOB was received, convincing documentation providing evidence of carrier receipt of the request for an EOB." Review of the documentation submitted by the requestor finds that the requestor has not provided a copy of the EOB detailing the insurance carrier's response to the request for reconsideration. Nor has the requestor provided evidence of carrier receipt of the request for an EOB. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(c)(2)(B).
7. Division rule at 28 TAC §133.307(c)(2)(F)(iv), effective December 31, 2006, 31 TexReg 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include a position statement of the disputed issue(s) that shall include "how the submitted documentation supports the requestor position for each disputed fee issue." Review of the requestor's documentation finds that the requestor has not discussed how the submitted documentation supports the requestor position for each disputed fee issue. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(c)(2)(F)(iv).
8. Division rule at 28 TAC §133.307(c)(2)(G), effective December 31, 2006, 31 TexReg 10314, applicable to disputes filed on or after January 15, 2007, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the amount being sought is a fair and reasonable rate of reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement) when the dispute involves health care for which the Division has not established a maximum allowable reimbursement (MAR), as applicable." Review of the submitted documentation finds that:
   - The requestor's rationale for increased reimbursement from the *Table of Disputed Services* states that "Trauma ICD Code 839.20 is the primary DX see attached UB92 Box 67; reimbursement for entire admission shall be at fair and reasonable rate."
   - The requestor does not discuss or explain how additional payment of $13,758.30would result in a fair and reasonable reimbursement.
   - The requestor did not submit documentation to support that the payment amount being sought is a fair and reasonable rate of reimbursement.
   - The requestor did not submit nationally recognized published studies, published Division medical dispute decisions, or documentation of values assigned for services involving similar work and resource commitments to support the requested reimbursement.
   - The requestor did not discuss or explain how payment of the requested amount would satisfy the requirements of Division rule at 28 TAC §134.1.

   The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.
9. The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas

Administrative Code §133.307(c)(2)(A), §133.307(c)(2)(B), §133.307(c)(2)(F)(iv) and §133.307(c)(2)(G). The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is $0.00.
